

Cities' COVID Mitigation and Mapping (C2M2) Virtual Symposium

June 22 - 25, 2021 | 8:30-11:30 AM EDT | Zoom Platform

Please RSVP: bit.ly/C2M2Symposium2021

What can geospatial data reveal about the second-order impacts of the COVID-19 pandemic? Through panel discussions, lightning talks, and keynote speeches by global experts, we will examine the pandemic's second-order impacts through the lenses of migration, livelihoods, and gender. A hands-on workshop day is included.

.....

About Us: What is the C2M2 Program?

Cities' COVID Mitigation and Mapping (C2M2) is a field-based program of the Office of the Geographer at the U.S. Department of State. The program partners with the American Association of Geographers and Harvard University.
